Food Tasting throughout the School Year

Dear Parents and Carers,

As part of the Design and Technology curriculum in school, we teach children about food technology. We explore how food is made and where ingredients come from, as well as making explicit links to PE, maths, PSHE and science with regard to healthy eating.

Pupils will then make and evaluate a product based on a design criteria and the results from the food tasting lesson.

In order to reduce the amount of permission slips sent out to parents for pupil participation in food related activities throughout the year, please complete the slip below and **return it to the class teacher or email to parents@parklands.havering.sch.uk stating your child's name, class name/number and please state any if they have any allergies or dietary requirements.**

This slip will then provide permission for these activities throughout the whole year and reduce unnecessary admin work for parents.

The below slip should be completed and returned to the school office.

Kind regards,

Mr Stevens
Headteacher

School Food Tasting

Child's Name: _____ Class: _____

I **give/do not give** my child permission to take part in food tasting.

Please list any allergies or dietary requirements your child has:

Signed: _____ Date: _____
